

BIG SANDY NEWS.

Aut inveniam viam, aut faciam.

LOUISA, LAWRENCE COUNTY, KENTUCKY, APRIL 17, 1903.

M. F. CONLEY, Publisher.

VOL. XVIII, NO. 33.

THE NEWS OF THE WEEK.

A Daily Resume of Latest Happenings.

APRIL 10.

Andrew Carnegie has offered the Public Library Board of Cleveland \$250,000 for the purpose of erecting seven branch libraries.

Booker T. Washington's wife was a guest of honor and a speaker at a meeting of the State Federation of Women's Clubs at Dorchester, Mass.

The New York grand jury has indicted George Edward Mills on the charge of attempting to bribe Assistant District Attorney Garvan in the Flower case.

At Grayson yesterday Mrs. Marie Ferguson waived an examination on the charge of poisoning Mrs. L. C. Wilson and was remanded to jail to await the action of the grand jury.

Miss Frieda Pink, an eighteen-year-old senior in the Indianapolis Training High School, is at the point of death as a result of injuries received in a basket ball game at Crawfordsville, Ind.

Secretary of War Root announced the names of the officers selected for service on the general staff. The appointments do not become effective until August 15, the date when the law creating the staff becomes operative.

Gov. Dockery, of Missouri, has issued a requisition on Gov. Odell, of New York, for the return of Daniel J. Kelley, charged with attempting to bribe Lieut. Gov. Allee. The alibi making powder scandal and other alleged legislative boudling will be investigated.

President Roosevelt yesterday plunged into the solitude of Yellowstone Park with his friend, John Burroughs, the New York naturalist. He will study wild animals for the next sixteen days. All trials leading into the reservation will be guarded to prevent the President being disturbed.

Former Secretary of the Navy Hilary A. Herbert, Mrs. Anna Roosevelt Cowles, a sister of President Roosevelt, and many other persons of prominence have been suspended from membership in the American Red Cross Society. They were among those who criticized Miss Clara Barton's actions and charged her with assuming despotic control of the affairs of the society.

Twenty-one persons were killed and at least forty injured by a tornado which swept through Alabama and Arkansas. Twelve persons were killed and twenty injured at Hopewell, Ala. Nine were killed and sixteen injured at three small towns in Arkansas. The death toll may be swelled by later reports, as the communities in the path of the storm are isolated. The damage to property was great.

After hearing argument at Frankfort yesterday Circuit Judge Cantrell overruled the motion of the defense for a continuance of the case of Jim Howard, and the selection of a jury was begun. The regular panel was exhausted, only one man qualifying as a juror, and the court ordered the sheriff to summon a special venire of 150 men from Woodford county. This venire will report at 2 o'clock this afternoon, when the work of making up a jury will be resumed. The attorneys on both sides express belief that the hearing of testimony will begin Friday morning.

APRIL 11.

A tornado passed through the district around Altamont, Kan., yesterday afternoon.

The main building of Edward College, at Austin, Tex., was destroyed by fire with a loss of \$175,000. Two hundred students escaped uninjured.

Maj. Robert L. Howze, commanding the Porto Rican regiment, and charged in the report of Gen. Miles with cruelty to the Filipinos, has demanded a court of inquiry. He is now in Washington.

A Washington newspaper explains President Roosevelt's change of front on the tariff question by saying he was threatened with defeat for the nomination by the American Protective Tariff League if he boomed tariff revision on his Western trip.

A new libel law which is being "railroaded" through the Pennsylvania Legislature is causing a bitter fight. It is claimed that politicians who desire to be protected from newspaper and to "muzzle the press" are responsible for the bill, which is a drastic one.

The majority report of the Ways and Means Committee of the Arkansas House of Representatives

sustains certain charges against Gov. Davis, the most important being the misuse of contingent funds. If the report is accepted by the Legislature impeachment proceedings may follow.

During target practice in the gulf, off Pensacola, yesterday a twelve-inch gun on the battle ship Iowa burst from the premature explosion of a shell. Three pieces of the gun, each weighing more than a ton, pierced the spar deck and fell upon the seamen who were at mess, killing three men and injuring five others.

Hope of closing the Hymelia crevasse on the lower Mississippi has been practically abandoned. A final experiment at driving piling will be made today, but those in charge of the work have little hope that it will be successful. The weather bureau predicts that high water will continue for three weeks longer in the lower Mississippi.

The United States Court of Appeals returned a decision in favor of the Government in the Northern Securities case. The judges were unanimous in deciding that the Securities Company as a combination in restraint of interstate commerce and illegal under the Sherman act. The Securities Company is enjoined from acquiring any more of the stock of the Great Northern and Northern Pacific roads and from voting the stock it already holds. The railroads are enjoined from permitting the Securities Company to vote their stock or exercise control. The Securities Company is ordered dissolved and the stock of the railroads retransferred. An appeal will be taken.

At 11 o'clock last night, when the Franklin Circuit Court adjourned until this morning, eleven jurors had been selected in the Jim Howard case. Ten of that number have been finally accepted and will sit in the case. The remaining juror is subject to challenge both by the Commonwealth and the defense. The jurors were selected out of eighty-four of the special veniremen summoned from Woodford county. All of them are farmers, and with a single exception, they are Democrats. The jury will be completed at this morning's session of the court. Capt. John Davis, one of the witnesses, whose presence the attorneys for the defense declared in their affidavit they were unable to secure, arrived in Frankfort yesterday and expressed indignation at being numbered among the missing witnesses. He declared that he had never made any effort to avoid the subpoenas of the court and had been regularly summoned as a witness for Howard. He said he had not told the attorneys that he would testify to the statements they made in the affidavit.

APRIL 12.

The President is forty miles away from his head quarters studying plant and animal life in Yellowstone Park. Secretary Losh received no word from him yesterday.

The condition of winter wheat on April 1, according to the report of the Department of Agriculture, was 97.3. The mean of the April averages of the past ten years is 82.1.

James R. Boss, convicted of the murder of Mrs. Martha Martin at Lexington, Ky., was sentenced to hang June 12. His attorneys have filed a motion to appeal from the judgment.

The Mississippi river is falling at New Orleans and it is believed the worst of the flood is over in that vicinity. The work at Hymelia crevasse is being continued, mainly with the view of preventing the break becoming wider.

A motion for an appeal in the Northern Securities case will soon be filed by the defendants. The granting of the appeal is a matter of form and the proceedings will be expedited in a manner to assure an early disposition of the case by the Supreme Court.

The decision of the Kentucky Court of Appeals in the case of Taylor vs. Beckham that a public office is not property has been cited by the Attorney General of Indiana to support the State in its effort to oust the Sheriff of Sullivan county from office.

Correspondence between the Governments of Colombia and the United States, soon to be published, will show that many Americans suffered during the recent revolution in Colombia. Much property was forcibly seized, and it paid for at all was greatly undervalued.

President Vasquez, after arriving at San Domingo City, with a cruiser, was warned by the commander of the Adjunta against bombarding the capital without giving twenty-four hours' notice. The cruiser steamed away. The revolution in Venezuela has also broken out afresh, the rebels having captured an important town and at another point defeated Castro's troops.

The proposed trip of Gov. Beckham, his staff and several hundred members of the State Guard to the World's Fair at St. Louis, April 30, has been abandoned. The lack of funds to pay the expenses of the soldiers and the rivalry between the various companies for the honor of making the trip are the causes assigned for the Governor's action.

Rufus Cantrell and another negro hound in jail at Indianapolis have announced that they will not testify against Dr. Alexander, who is charged with grave robbing. The authorities admit that if the negroes persist in the refusal a conviction will be impossible. An inquiry into Cantrell's sanity was deferred at the request of the Prosecuting Attorney, who demanded that Cantrell be allowed to stand trial. Charges of bribery were made.

A jury was completed in the Jim Howard case at Frankfort yesterday afternoon after 102 men of the special venire from Woodford county had been examined. The Commonwealth exhausted three of its five peremptory challenges and the defense exhausted fourteen of the fifteen challenges allowed by statute. One juror was dismissed by the court for the offense of "talking too much." The opening statement for the Commonwealth was made by Judge Ben G. Williams, who declared that the State would prove that Jim Howard killed William Goebel, Mr. James Andrew Scott, in his statement for Howard, asserted that the defense would prove that Henry Youtsey killed William Goebel, and that there had been a conspiracy to fasten the crime on Howard.

APRIL 13.

The Kansas Supreme Court has confirmed the power of the Topeka School Board to compel negroes to attend negro schools only.

On preliminary trial at Mayville Saturday Charles J. Winkler was held to answer in bond of \$1,000 on the charge of bigamy. He was remanded to jail.

Press dispatches from Berlin are to the effect that the Crown Prince of Saxony will next week marry Crown Princess Louise, who eloped with a French tutor.

The Master Plumbers' Association at St. Louis has been ordered dissolved by the Court of Appeals. The court held the combination to be illegal, formed for the purpose of monopolizing trade and restricting the sale of plumbers' supplies.

The Car has reinstated two marshals of nobility who had been deprived of privileges for activity in demanding local and agricultural reforms. The Russian police are said to have discovered many revolutionary documents incriminating army officers.

The Confederate Veterans' reunion at New Orleans may be boycotted by the labor unions of that city. The Committee on Music refused a request that only bands be used in the parade and announced its intention of hiring both union and nonunion bands.

The Very Rev. Dr. John Zahn, of Notre Dame, Ind., Provincial of the Order of Holy Cross in the United States, is in Paris arranging to bring 100 or more members of the order to this country. The order was among those ordered disbanded by the French Government.

Maj. Gen. Robt. P. Hughes having reached the age for retirement, will be succeeded by Brig. Gen. Brooks, Breckinridge and Ludington, each of whom will be immediately retired. Brig. Gen. Wade will ultimately succeed to the position in a short time and will retain it until 1907.

Harry Stratton is the defendant in a sensational suit filed by a man who was an intimate friend of Harry Stratton and his father. The plaintiff asks that he be allowed \$35,000. He claims that young Stratton promised to pay him 10 per cent. of the amount secured by contesting the W. S. Stratton will in return for evidence which the plaintiff was to have furnished.

In the investigation of the affairs of the Post office Department yesterday charges were filed that certain wagon manufacturers had been furnished advance information on rural delivery routes and were thus able to beat their competitors into the field. The post-

master of New York City was also instructed to hold up all recently-made promotions in his force. In this case 1,776 men will be affected, in addition to 300 new appointments.

Mrs. Alice Matthews was chopped to death with an ax at Shreveport, La. Her little daughter was probably fatally wounded. There was evidence that a criminal assault had preceded the murder, which took place at night in the room where the woman and daughter were sleeping. A negro whose clothing was covered with blood was discovered by the police, who shot him to death as he attempted to escape. The dead woman was a native of Somerset, Ky., and at one time lived in Louisville. Her name before marriage was Miss Hicks.

Eleven witnesses testified for the Commonwealth in the trial of Jim Howard at Frankfort yesterday. Without exception all had appeared at previous trials and the day was an uninteresting one, the public being familiar with their testimony. Much of the time of the court will be taken up on Monday with evidence previously given, but it is possible that Henry E. Youtsey may be placed on the stand before the day is over. Howard gave some evidence of worry yesterday and took more interest in the trial than he has manifested on previous occasions. He left his chair frequently to consult with his lawyers.

A Sweet Breath

is a never-failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crieck, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, in weight, health and strength and can eat and digest whatever I like. Kodol digests what you eat and makes the stomach sweet. The Louisa Drug Co., J. D. Biggs, Mgr."

The individual who does not cultivate happiness in the home circle is not a good exponent of it abroad.

Dr. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by Louisa Drug Co.

Within twenty years the South has increased its railway mileage 162 per cent and its exports 95 per cent.

For liver troubles and constipation There is nothing better in creation Than Little Early Risers, the famous little pills.

They always effect cure and save doctor bills.

Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the liver to the full performance of its functions naturally. The Louisa Drug Co., J. D. Biggs, Mgr.

The man who is a hero to his own family generally stands well in his own community.

Pneumonia is Robbed of its Terrors by Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Sold by Louisa Drug Co.

Almost Converted.

Washington, April 7.—"I regard this Congress as pledged to the revision of the tariff and it will amount to a breach of trust if it is not attempted," is the comment on the speeches of Secretary Root in Boston and President Roosevelt in Milwaukee by J. W. Babcock, chairman of the Republican Congressional Committee.

"In my opinion," he says, "there is needless apprehension of business disturbances which would follow tariff revision by Republicans. The Republican party stands for protection to American industries and a revision of existing schedules would be along this line. I can only say that it ought to be carried out and should have been carried out at the last session of the Congress."

Stand By Your Town.

Next to a man's family and business nothing should stand dearer to his heart than the town in which he lives. It is his home. It is the place where he earns his competence and educates his children. If he wants to make it as popular, as thrifty and widely known as possible, he cannot afford to be indifferent to anything which will further these ends. It can be said that a town that is not worthy of the devotion of its citizens in making it widely and generally prosperous is the town in which it is not worth while to live at all. If a town is worth anything it is worthy of our greatest energy, whether we merely take our share of the common benefits accorded to the town and community we call home.

Makes A Clean Sweep.

"There's nothing like doing a thing thoroughly. Of all the Selves you ever heard of, Buckler's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Boils, Croup, Sore Throat, and Piles. It's only 25c, and guaranteed to give satisfaction by A. M. Hughes, Druggist."

Though a Northampton baby lived for three days, it was afterwards found to have been born with a hole through its heart.

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by A. M. Hughes, Druggist. Trial bottles free.

The Homestead mills produce, with about 4,000 men, three times as much steel as the Krupp Works produce with 15,000 men.

A Chattanooga Druggist's Statement.

Robt. J. Miller, Proprietor of the Read House Drug Store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Sold by Louisa Drug Co.

Wealth has its entire desirability, but a competence furnishes greater enjoyments.

Robbed The Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and side, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters to my great joy, the first bottle made a decided improvement, I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at A. M. Hughes' drug store.

The record yield of timber from one tree is 80,000 feet, from a redwood 20 feet in diameter, cut last year in California.

After La Grippe--What?

Usually a hacking cough and a general feeling of weakness, often leading to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar is guaranteed to cure the "grippe cough" and make you strong and well. It never fails to stop a cough if taken in time.

Every period of idleness adds to the army of mendicancy.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at A. M. Hughes' Drug Store.

True womanly beauty is independent of the dressmaker and the hair dresser.

ONE MINUTE

One Minute Cough Cure does not pass immediately into the stomach, but lingers in the throat, chest and lungs, producing the following results:

- (1) Relieves the cough.
- (2) Makes the breathing easy.
- (3) Cuts out the phlegm.
- (4) Dries out the inflammation.
- (5) Kills the germs (microbes) of disease.
- (6) Strengthens the mucous membranes.
- (7) Clears the head.
- (8) Relieves the feverish condition.
- (9) Removes every cause of the cough and the pain in the lungs.
- (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box 25 cents.
